Helping retail businesses thrive

Discover how our POS systems can help your
business flourish.

Taking your business further

As a leading POS provider, Epos Now helps businesses worldwide, from small single-site independents to larger chain stores running multiple systems. We've excelled at delivering exceptional value to the retail industry since our start in 2011, serving 63,000+ customers, including thousands of convenience stores, barbers, and more.

No matter your size or speciality, Epos Now can help you achieve faster service, develop better reports, and create an unforgettable experience for staff and customers. Create your perfect setup by choosing from our award-winning software and hardware solutions.

A man with a beard and short dark hair, wearing a light-colored button-down shirt and a blue apron, is looking down at a tablet computer he is holding with both hands. He is standing in a bright, sunlit room filled with various green plants. Some plants are in hanging pots, and others are on shelves. The background shows large windows with a view of a bright outdoor area. The overall atmosphere is clean, modern, and natural.

“Would I recommend Epos Now? 100%. I talk about it, and I think there’s about another five in the town that have taken the system!”

Siven Cook - Pets Paradise, Norfolk

Simple, effective software

Epos Now's software puts simplicity at the heart of its system. You'll never need more than 15 minutes to train your team on all the tools they need to provide first-class service.

Stock control

Build efficiency into your system from the ground up by tracking a complex inventory. Track your products by colour, size, and in a variety of solid and liquid measures. Monitor your shelves with low-stock alerts to avoid missing out on sales and easy reordering with brand and supplier filters.

Product management

Swiftly update pricing and details on new and existing products. Plus, attach advanced details and related products to encourage upselling and offer a more professional service.

Customer service

Offer customers a personalised experience equipped with memberships, detailed accounts, email marketing, and a full transaction history so you can make better product recommendations and build a base of loyal, happy customers.

With Epos Now, you know what you're selling on a daily basis. It's all there in the reports."

- Duncan McGregor, Planet Doughnut

Always be ready to trade with 24/7 service

Run your business from your back pocket! Epos Now stores all your business data on secure off-site servers, allowing you remote access anytime, anywhere.

Using two-factor authentication and the latest digital security, you can manage trade-in comfort from any device without compromising the safety of your business. Epos Now's expert support team is available round-the-clock to help with training and system maintenance. We're always here for you, so you're always ready to trade.

Key reports where you need them

Stay informed with our reports on stock, staff, promotions and more. Discover your best-selling items, fine-tune your inventory based on non-selling stock reports, and pinpoint sales peaks and trends, all while your tax reports auto-generate in your Back Office as you trade.

Access your favourite reports in a custom dashboard, packed with key business data and instant updates. You can even automate your reports to arrive at your email inbox - making your end-of-day routine that little bit easier.

Excel in employee management

Choose a system that can **save you up to ten hours every month on business management and staff admin.**

Track shifts easily

Create individual passcodes or use staff swipe cards, allowing staff to clock in and out in a few short seconds.

Measure performance

Get real-time data on sales records, refunds, and void history that let you know who's flourishing in their work and who needs a guiding hand.

Cut staff admin

Automate your staff admin with staff hours and wages calculated on clock-in, simple site-specific staffing, and easy role expansion.

Control staff access

Bring the best out of your team by setting staff roles on your POS system. Reduce errors and enhance security by removing or adding features to suit each role.

Apps to help grow your business

The Epos Now AppStore gives your business access to award-winning integrations to expand your point-of-sale system. Choose from hundreds of apps that cover everything from payments and ecommerce software to marketing and accounting tools, including renowned partners like Shopify, Mailchimp, Xero, and more.

Stronger loyalty services

Explore our lineup of top-notch apps like Epos Now Loyalty, LoyaltyDog and Loyalzoo - crafted to bring customers back and provide diverse options to build your loyalty system. You can even run Loyalzoo using customers' Google and Apple Watches for a fully electronic loyalty program!

Hardware solutions

With our range of till accessories, we have everything you need to push your business forward and deliver an exceptional customer experience.

Power up with our point of sale terminals

Countertop

The Countertop offers POS software and in-built receipt printing in one neat device designed to create space and bring more style to your sale, with a secure cash drawer included to keep your money safe.

Duo Countertop

The Duo Countertop comes with all the advantages of the Countertop package, with a customer-facing touchscreen to offer your customers a more transparent, interactive sales experience.

Arm yourself with amazing accessories

Scanners

Choose from our wired, wireless, and hands-free scanners for a seamless and speedy checkout that suits your system.

Staff and customer swipe cards

Offer staff swipe cards to speed up access, and personalised customer cards for a friendlier service.

Scales

Need to sell weighed and measured products? No problem. Integrate with a set of scales that instantly calculates costs so your team doesn't have to.

Cash Drawer

Process secure cash transactions with an all-metal, lockable cash drawer, accessible with a key or triggered electronically by a sale.

More options, more success

As an award-winning POS provider, we pride ourselves in ensuring our customers succeed. That's why so many retail businesses across the world love working with us.

We put our customers first

No matter what kind of business you run, we have an expert support team available round-the-clock to help you resolve any challenges.

The latest security features

Trade safely with water-proof touchscreens and off-site data storage, and monthly software updates for the latest cyber-security.

Driving business forward

Epos Now works to offer customers innovative solutions before their competitors get them, including sustainable systems, online security, and much more.

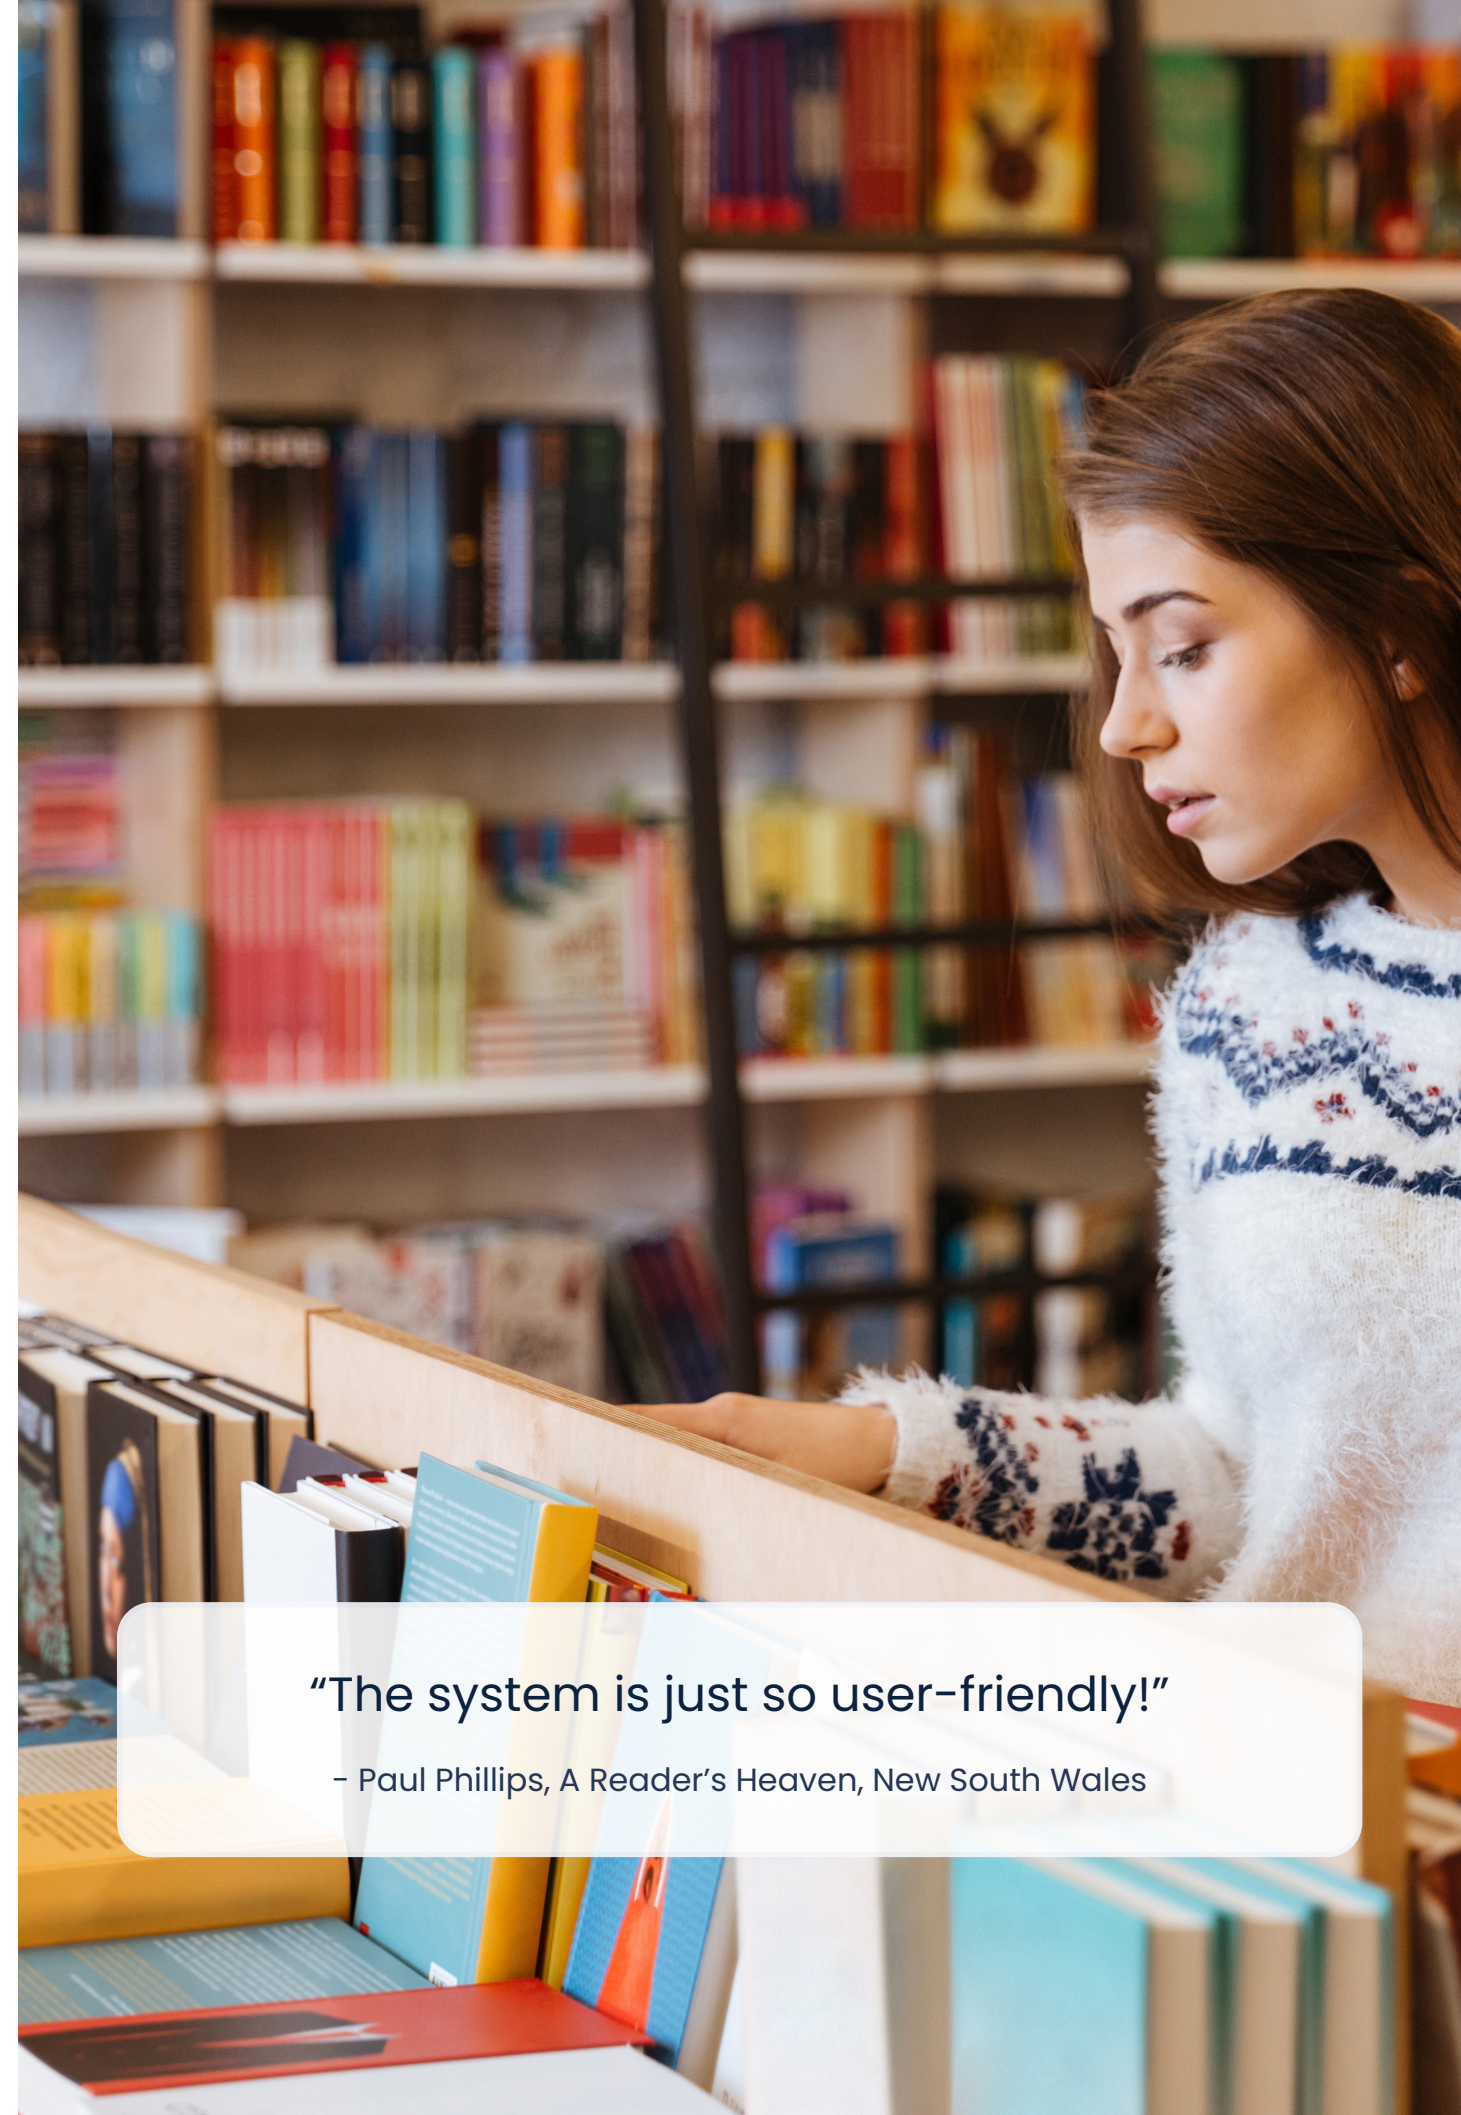

Smooth setup

Set up your new system with the help of our dedicated technicians or use our in-product setup wizard for a simple step-by-step guide.

Business empowering tools

Whether it's access to capital or tools to open new sales channels, we strive to provide tools to help our users reach their goals.

"The system is just so user-friendly!"

- Paul Phillips, A Reader's Heaven, New South Wales
